OPEN SOLICITATION #2018-61

Identifying Out-of-School-Time Providers for Excel Beyond the Bell Middle Schools

Issue Date: Monday, August 6, 2018
First Closing Date: Monday, August 13, 2018

Background

Montgomery County Collaboration Council

The Montgomery County Collaboration Council for Children, Youth and Families, Inc. (the Collaboration Council), is a quasi-public non-profit organization and the Local Management Board for Montgomery County, Maryland. The Collaboration Council's mission is to improve the well-being of children, youth and families through collaborative partnerships. For information regarding the Montgomery County Collaboration Council, its initiatives and programs, visit our website at www.collaborationcouncil.org.

Excel Beyond the Bell Overview

The Collaboration Council leads Excel Beyond the Bell (EBB), the County's initiative to create a local out-of-school time (OST) system that will increase the number of quality programs promoting positive youth development, especially in our most vulnerable communities, that will inspire children and youth to achieve their full potential (see www.excelbeyondthebell.org for more information).

Excel Beyond the Bell Middle School Program

As part of this initiative, a three-year out-of-school time pilot was created in partnership with the Montgomery County Recreation Department (MCRD) and Montgomery County Public Schools (MCPS). In its first year, EBB programs were located at Argyle Middle School in Wheaton, Roberto Clemente in Germantown, and A. Marion Loiederman in Silver Spring. EBB school sites have expanded to include Francis Scott Key in Silver Spring, Forest Oak in Gaithersburg, Montgomery Village in Montgomery Village, Neelsville in Germantown, and Col. E. Brooke Lee in Silver Spring.

EBB is designed to provide students with immediate access to after-school recreational and social programming, academic enrichment, meals, and bus transportation home. EBB also provides professional development for all youth development practitioners. This innovative system establishes a supportive out-of-school environment empowering youth to develop necessary academic and life skills in an effort to successfully transition from youth to adulthood.

Use of Open Solicitation Process

The Collaboration Council seeks **Letters of Interest** from organizations and qualified individuals to serve as a pre-approved pool of potential out-of-school time vendors to serve middle school

students at a particular school or schools within the Excel Beyond the Bell Middle School out-of-school time system. Vendors are strongly encouraged to consider operating at more than one location.

Qualified applicants will be selected for the Open Solicitation Vendor List and remain on the list for a period of three years. Selection for the Open Solicitation Vendor List is not a commitment by the Collaboration Council to contract with each vendor for these services. The Open Solicitation process allows the Collaboration Council the flexibility to secure specific services on a short-term or continuing basis from vendors who meet pre-established requirements.
