Background

The Montgomery County Collaboration Council for Children, Youth and Families, Inc. (the Collaboration Council) is a quasi-public non-profit organization and the Local Management Board for Montgomery County, Maryland. The Collaboration Council’s mission is to improve the well-being of children, youth and families through collaborative partnerships. For information regarding the Montgomery County Collaboration Council, its initiatives and programs, visit our website at www.collaborationcouncil.org.

The County recognizes that youth from low-income families face significant challenges as a result of the economic impacts resulting from the COVID-19 pandemic and social isolation arising from the need to prevent the spread of the virus. Continued limited opportunities to congregate safely with peers, due to COVID-19 pandemic prevention measures, have increased feelings of alienation and isolation among young people and has impacted engagement of students in school.
